# How to Hack a Pipeline?

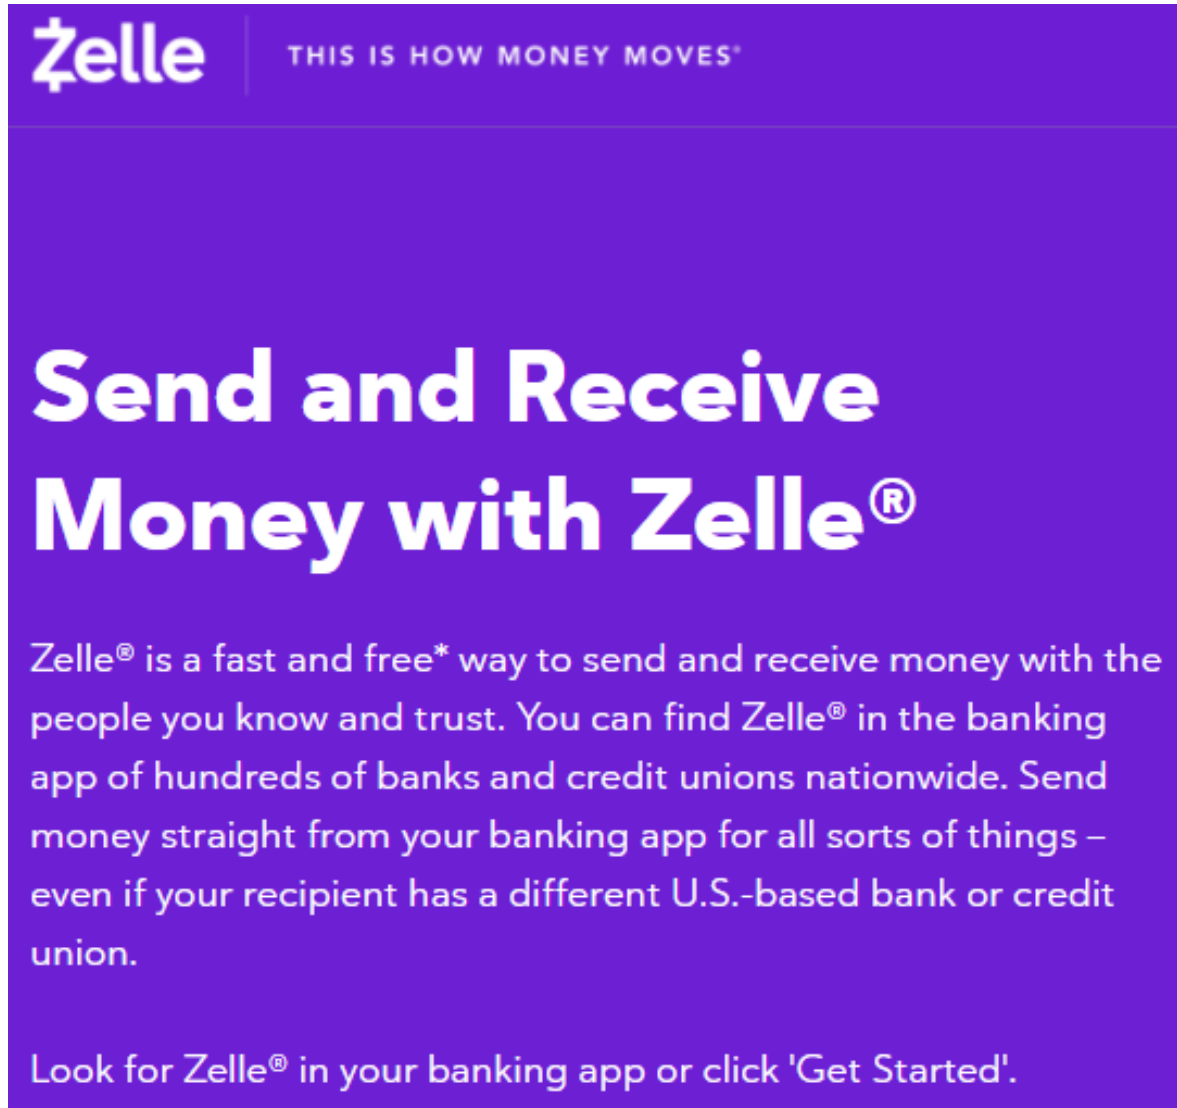

- The kind of "software" they are talking about . I thought that the government and businesses were using specially designed software to eliminate/minimize hacking.
- What was the problem with the Solarwinds software used by the government last year?
- Can you comment on Silverado?. It looks very interesting

A purple rectangular graphic with white text. At the top left is the Zelle logo, and to its right is the tagline "THIS IS HOW MONEY MOVES". Below this, the main headline reads "Send and Receive Money with Zelle®". A paragraph of text describes Zelle as a fast and free way to send and receive money. At the bottom, it instructs users to look for Zelle in their banking app or click 'Get Started'.

On USAA:

*Zelle* is a way to send, receive and request money quickly, safely and securely. Get money to and from friends, family and other people you know who have a bank account in the U.S. by using the USAA Mobile App on your Android or Apple mobile device.

To use *Zelle*:

- Log on to the USAA Mobile App.
- Select "More" at the bottom of the screen.
- Choose "Send Money With Zelle®."
